

In **January of 2017**, through "*Wheels of Life*" charitable project 11 wheelchairs were successfully purchased, shipped, and distributed for free to underprivileged paralyzed people in **COLOMBIA**.

Here are some pictures of the recipients, please recognize that we are bringing the Miracles of Mobility.

### **HOW DOES A WHEELCHAIR AFFECT LIFE OF A PARALYZED PERSON?**

1. Reduces risk of bedsores, pressure ulcers & infections
2. Gives possibility for a parent to care for children
3. Provides ability to eat at the table with family
4. Enables mobility outside of bedroom
5. Increases accessibility to reach the objects
6. Gives opportunities to study & go to school
7. Promotes interacting with friends
8. Allows to travel outside of home
9. Gives ability to be an active part of the community
10. Enhances independence
